"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."

GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRESS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME STALKED ABOARD AT NOON-DAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING BIRD." HOW STANDS THE CASE TO-DAY GOVERNOR? HAVEN'T THE ACTS OF THREE RED SHIRT LEGISLATURES AND MORE THAN TWO YEARS OF YOUR OWN BENEFICENT RULE PASSED INTO HISTORY SINCE YOU PROCLAIMED THE FOREGOING? WHEN YOU ARE CAVORTING OVER THE STATE WHOOPING FOR EDUCATION AND ROADS DON'T YOU HEAR OF MORE CRIMES BEING COMMITTED IN NORTH CAROLINA THAN EVER BEFORE AND DO YOU CONTINUE TO ATTRIBUTE THESE FUSION RULES?

A REMINISCENCE OF 1900.

"The time is approaching when we shall be called on to say what we think of the past administration, the one we have witnessed the past four years. We predict the men who take issue with the returns when they are in, will be few and far between. In other words, the issues made against the present administration will be indeed with the township primary, or at most at the county conventions. All these gentlemen will be heard praising the "gallant Aycock" on the day of the convention, when his administration will be endorsed, and it surely will be.

We have said this much in order that we may have a good and reasonable foundation for saying some other things, which we can say without hesitation or mental reservation. And it will only require a few sentences to record what we have in mind. The campaign of 1900 was a stormy period in North Carolina history, it was perhaps a necessary one, but certainly no sane man wants to see it repeated. The issue, when the truth is told, was simply to create strife and antagonism between the races to such an extent as to make the disfranchising of the negro appear necessary to all. This having succeeded, it was evident that the wise thing to do was to restore peace and good feeling at the earliest moment possible."

The above is quite a frank admission to come from a democratic paper, but we cannot see how the editor can say that "perhaps it was necessary to have a stormy campaign in 1900. And again the Times says: "The issue, when the truth is told, was simply to create strife and antagonism between the races" etc. We cannot see that the ends justified the means. This campaign in 1900 was waged in the interest of Mr. Simmons and they knew it was necessary to get up some great issue in order for him to be elected to the United States Senate. When it becomes necessary to intimidate people with drunken red-shirts drag speakers from the stands, throw rotten eggs at them, break in to speaker's bedroom and run him out of town at the point of pistols and burn and bury men in effigy, we say when it becomes necessary to resort to these means to carry a measure, then that measure ought to fail. There is no end that could justify the means employed.

Just in this connection we wish to say that when some irresponsible people buried Marion Butler and others in effigy in this state that the News & Observer condoned it, but last year when the students at Trinity College burned Joseph Daniels in effigy because of his abuse of the college he thought the act was outrageous, just perfectly terrible, but it was only another instance of chickens coming home to roost.

Two democratic magistrates had a fist fight in Wilmington Friday and let a prisoner escape while they were scrapping. This is the result of some of the seeds sown in Wilmington in 1898.

"A morning tonic": Self praise is half scandal.

STATE AGAINST STATE.

Again referring to the committee report of the management of the A. & N. C. Road the report says: "Vouchers aggregating \$1,000 to which were attached drafts upon the company 'for legal expenses' and one for \$109.24 'attorneys board at Raleigh', all dated in 1901, were laid before the committee and upon investigation were found to be expenses incurred in opposing legislative action by the General Assembly at its session of 1901 on a proposition made or proposed to be made for the purchase of the State's interest in the Atlantic and North Carolina Railroad Company."

Here is a road, in which the controlling interest is owned by the State, and still we find officials of the State spending the State's money to prevent the State's interest in the road from being sold by the State. The legislature (being itself the State) had a right to sell the State's interest in the road if they saw fit and it appears to us that it was a flagrant misuse of the State's money to spend it in opposing legislation by the legislature. But still the democratic sheets say there was no corruption in connection with the management of the road. It seems that it is impossible for any act of democrats to be corruption under democratic management. But had this mismanagement occurred under Fusion rule the democratic sheets would have said that it stunk to High Heaven. The point to be kept in mind is that the men who spent the State's money as above stated were simply working to hold their jobs. Knowing that if the State through its legislators decided that it would be money saved for the State to lease the road other men will officer the road. These men used the public money to protect themselves while depriving the State of an opportunity to effect a profitable lease and thus the crimes was compounded.

TAXATION WITHOUT REPRESENTATION.

The following article is from the last issue of the French Broad Pilot: "What is the Democratic party going to do about the disfranchisement of white men in 1908? If 30,000 white men are deprived of their votes this year by reason of their poll tax, what will be the number under the educational clause in 1908? Aycock's educational campaign don't seem to make much progress. If he makes the same progress in the next four years as he has made the past four years, there will scarcely be an appreciable impression made upon the illiteracy of the State—and there are now 150,000 children between the school age and the age of 21. What an army of men! Out of this number at least 50,000 will be slaves of the oligarchy, and the act is done—an act that cannot be undone. These strong young men who are under the ban of the Democratic party must pay taxes, but cannot, shall not, vote. What is to be done about it? Will you keep a party in power that takes away your birthright? Tamely submit to the yoke of bondage without a protest? A practical endorsement. You are to have no voice in the affairs of the nation, of the State; not even your county or township; but you must pay taxes to pay the officials who have put you under their heels, and you must work the roads, that these men and their kind may ride over. There is but one way to stop these evils and undo the wrong done, and that is by hurling the usurpers of your rights from power."

And if this same machine is allowed to stay in power, it will not be long before they will add a property qualification to their other disfranchising measures and thereby disfranchise many thousands more white men in this State. If they can disfranchise all except just those they wish to vote then they will not have so much trouble counting votes at each election.

Judge Winston said Friday: "If a man's skin is too thin to bear the comments of the press let him leave, let him leave, the world is his, he does not have to stay here." That's just what the machine democrats would like for every one to do who oppose them. They seem to think that the State belongs to them and that no one should dare get in their way. In 1900 Waddell of Wilmington said that Marion Butler should be run out of the State, but when he was challenged to undertake the job he showed the white feather. By way of parenthesis we might say that this same Waddell has been run out of the Mayor's office by the democratic votes of Wilmington to be succeeded by a better man.

The National Democratic Convention will meet in St. Louis July 6th, that is they will meet if they can get together.

Some days ago Judge Peebles fined three men and sentenced them to jail for contempt of court. The men were arrested by the sheriff, carried to Lumberton to be placed in jail, but a writ of habeas corpus was issued by Judge Connor and the men were brought to Raleigh for trial and were released. We have not heard of the whole state being indignant and in a great state of excitement over the proceedings, in fact we have not read a single paper that was indignant at the proceedings. And why? For the simple reason that neither of the three men owned a newspaper in which they could air their views and make the indignation apparent.

WHAT'S IN A NAME.

We have often heard the question asked: "What's in a name?" We have always thought that it depended a great deal as to who carried the name. The Wilmington Star in speaking of the democratic candidates for president says: "Judge Parker's name has been a tower of strength to the democracy" etc.

A name may be all that is necessary for southern democrats but when it comes to the voters as a mass they will demand for president a man, with not only a name, but who has a record as well as a platform of principles behind him.

MONEY "GONE TO THE DOGS."

It is said that in one county in this state the keeper of a dog kennel gets a two thousand dollar salary. In the same county the superintendent of public instruction gets a salary of sixteen hundred dollars. And the convicts in the penitentiary are hired out for more per day, each, than the average public school teacher gets. This condition of things supplies its own comment."

We only wish to add that this condition exists in our state after four years of Educational campaigns by the "Democratic good government" regime.

The editor of the News & Observer Sunday published the following condolence from one C. S. Powell of Johnston county: "I have a twelve hundred and fifty-nine dollar Red Shirt, that is at your service, either blank or occupied."

Will the News & Observer please explain why this Red Shirt cost so much, or why it is valued so highly by its owner? Is this the Red Shirt that helped to defraud the government out of so much money not very long ago?

"This peace, the quietude the state is now enjoying, will not last long if the Charlotte News can prevent it. That paper is now loudly clamoring for impeachment proceedings against both Judge Peebles and Judge Purnell.—Raleigh Post.

That is only in keeping with the majority of the democratic machine papers. In time of peace they try to stir up strife and then when they succeed in getting matters stirred up, they then begin clamoring for peace.

Last week Gov. Aycock threatened to call out the State militia in order to get President Bryan and other former officials of the road back in power.

It is the duty of a minister of the gospel to try to keep peace with all mankind, and not try to stir up strife. A certain western editor will please take note.

The editor of the Charlotte News should take some medicine to quiet his nerves.

And now Josephus Daniels poses as a martyr.

Capt. W. H. Day Stricken With Paralysis.

Capt. W. H. Day was stricken with paralysis at his home in this city on Monday morning. The stroke was on his right side involving his face and arm. At first he was unable to speak but later was able to talk very little. His physicians say that his condition remains the same and he does not look for a change in several days. Capt. Day's friends all wish for him a speedy recovery.

Republicans Win in Oregon.

Portland, Ore., June 7.—Returns are coming in slowly, but the figures received show the Republicans in the state have a victory greater than was expected. Blinger Herman was regarded as a shaky candidate because of the relation in regard to the land frauds in which he was involved, but he has been re-elected to congress. The next legislature will have a good working Republican majority and most of the county officers will be Republicans.

Wake County Jail in an Unsanitary Condition.

STARTLING EVIDENCE

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from I. J. McFarland of Bontonville, Va. serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me. Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by all druggists. Trial bottles free, regular size 50c. and \$1.00.

A Negro Shot in Consequence of a Quarrel.

Charlotte, N. C., June 7.—A serious shooting scrape occurred at 8:30 o'clock this morning at the Queen City Brick Company's yards, near Squire S. H. Hilton's place, four miles south of the city, when Jim Steel, a negro employed at the brick yard, shot and instantly killed John Mitchell, another negro employee. Steel made his escape.

WORST OF ALL EXPERIENCES

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, D. caton, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable. I tried doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists.

Insanity, Death or Health?

No. 287 Locust Street, St. Louis, Mo., March 23, 1898.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but when I began taking Wine of Cardui I gave me great relief. Within a week after I began using it I had my first real good night's rest that I had had for months. My appetite was soon restored, my general system toned up and nervousness became a thing of the past. I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, only the asylum or the grave. It brings a cure that thousands of women have sought for in vain. Will you secure a bottle of Wine of Cardui today and start treatment?

This insecticide and plant food combined has been on the market for six years and has sales have shown a large increase each year. It is non-poisonous which makes it perfectly safe to use on plants, trees or vines.

FROM OUR EXCHANGES.

Some Squibs of Interest we Have Gathered With our Paste-Pot and Shears.

Some democratic papers seem to be very much "moved" over the fact that about 25 thousand poor white men have voluntarily disfranchised themselves and will not be allowed to vote next November! How hypocritical to pretend to believe that the poor white men have voluntarily disfranchised themselves. The democratic party. The answer is conclusive and gives the lie to the assertion by which the democrats are attempting to shake off the responsibility for it—The Citizen and Observer.

We thought all along that the United States would get tired boarding Editor Josephus Daniels at the Yarbrough house. It is an awful punishment to put an editor down to a table where he can talk back French with the waiters and almost kill himself by trying to do a flatterer's stunt to Manager Cobb's altogether sumptuous delicatessen bill of fare.—Wilmington Star.

Prof. Gulley referred to extravagance in office as an evil that needs to be met now in North Carolina. "We've got to have men in office that will stop wasting the public funds in making places for themselves and their friends," said the Professor with emphasis, and he knew what he was talking about—Nashville Home.

"What is there against Judge Parker for President?" inquires a Democratic sheet. "Well, nothing much, except a majority of the voters,"—Yellow Jacket.

The report of the democratic committee appointed to investigate the charges against the management of the Atlantic and North Carolina railroad is another case of white-washing.—Graham Tribune.

Democratic Results.

These fellows who are whooping their daylights out for Democratic temperance and Democratic education don't seem to know that every prohibition State in the Union is a Republican state and that about 80 per cent. of the illiteracy of the country is found in the Democratic states.—State Republican.

A Poser.

If you want to see a Democrat stammer and turn red in the face just ask him to explain why the people are taxed to death, and why the State is trembling under a burdensome debt of nearly a million dollars.—Guilford Times.

It may be that Joe Folk's mission in the world is to convince the population that Missouri does not know what to do with an honest democrat.—Yellow Jacket.

A Father Kills his Children and Takes his own Life.

Elizabeth, N. J., June 6.—In a little rear room in the two-story house at 139 First avenue, Roselle and Lillian Pouch, aged seven years and eighteen months respectively, lay on separate couches tonight both dead from carbolic acid poisoning. Stretched on a cot in an adjoining room is the body of their sister Minnie, five years old, dead from a bullet wound in her abdomen. A thirteen year old brother, Albert, is in the Elizabeth general hospital, unconscious from a bullet wound in his right side, and the doctors say that he may not survive till morning.

The lives of these children were taken from a despondent father, Joseph M. Pouch, who then turned a pistol on himself and inflicted a wound in his right temple, from which he died almost immediately.

New York Democrats Call Convention to Protest Against Judge Parker's Nomination.

New York, June 6.—Melvin G. Palliser, of New York, today issued a call for a Democratic convention to be held in Cooper Union June 18 to protest against the action of Albany convention, and to send a delegation of Democrats to St. Louis to protest to the national convention against Judge Parker, the New York State platform, and the leadership of the "Hill-Belmont-McCarren combination."

Two Postoffices Robbed.

Asheville, N. C., June 6.—News was received here today to the effect that two of the post offices on the Murphy branch of the Southern, one at Clyde and the other at Canton, between Asheville and Waynesville, had been broken into and robbed early Sunday morning. And both places considerable supplies in stamps, envelopes, postal cards, etc., was secured, and at Clyde \$200 in stamps was taken.

Tobacco Fire in Danville.

Richmond, Va., June 7.—Fire in the tobacco district of Danville yesterday morning destroyed three warehouses and four million pounds of leaf tobacco.

TWELVE MEN BLOWN TO PIECES.

A General Riot Follows the act of an Assassin—Soldiers Fired on by Union Men—Town Officials Forced to Resign.

Denver, Colo., June 6.—A reign of terror, brought on by a dynamiting plot, followed by rioting and an assault on the militia, exists in the Cripple Creek mining region tonight. Armed men throng the streets and conflicts are of hourly occurrence. Militiamen are marching hither and thither, making arrests by the wholesale. A number of union miners have been placed in the military "bull-pen" and others are gathered in at frequent intervals. City and county officers have been compelled to resign because of their reputed sympathy with law breakers. As nearly as can be estimated tonight twenty-two persons are dead and a score are injured as a result of the events leading up to the lawless conditions that now prevail.

Besides the twelve men killed in the dynamite explosion and one killed in rioting at a mass meeting seven union men were shot by soldiers who stormed union headquarters.

INFERNAL MACHINE EXPLODES.

Cripple Creek, Colo., June 6.—Twelve men were killed and seven were severely wounded today by the explosion of an infernal machine at the railroad station in independence. Eleven were killed outright, being blown to pieces, and one died later from his wounds. All the killed and injured, with the exception of two men from the Deadwood mine were non-union miners employed on the night shift of the Findlay mine.

The infernal machine with which the murder was committed consisted of a quantity of dynamite, probably 300 pounds, a loaded revolver and a long fine steel wire attached to the trigger. The revolver was fastened so that the pulling of the trigger would not draw it away. The wire ran from under the station platform to the cribbing of the Delmonico property, about 400 feet away, where its end was fastened to a rung of a chair. The dynamite was placed close to the muzzle of the revolver, which was discharged by pulling the wire. The ball from the revolver and the revivific concussion exploded the dynamite.

A man was seen running down the hill from the Delmonico property after the explosion. Victor troops, who were ordered out by Mayor French, were so stationed as to keep people from passing over the path taken by this man and bloodhounds were sent from Canyon City and Trinidad to trail the assassin.

The infernal machine used today was similar to the one exploded in the Vindicator mine on November 21 1903, killing two men.

A Mexican Marvel.

From the San Francisco Bulletin. Thanks to the kindly assistance of civil and military officials, President Diaz never has to wait for election returns. Some people say that he makes out the figures in advance, and that the result never fails to agree with his calculations. Marvelous!

Why Others Grieve.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Englewood, N. Y. The regular fifty cent bottle of Swamp-Root is sold by all good druggists.

Heart Trouble Baffled Doctors.

Dr. Miles' Heart Cure and Nerve Cured Me.

There is nothing more necessary to health than sleep and rest. If these are denied you, if you rise in the morning more tired than when you went to bed, there is an affection of the nerves plainly present. If your heart is weak, or there is an inherited tendency in that direction, your weakened nerves will soon affect your heart's action as to bring on serious, chronic trouble. Dr. Miles' Nervine is a scientific cure for nerve disorders, such as Neuralgia, Headache, Loss of Memory, Sleeplessness, Spasms, Backache, St. Vitus' Dance, Epilepsy or Fits, Nervous Prostration, etc.

By tuning up the nerves, Dr. Miles' Restorative Nervine will also cure those diseases of the internal organs due to a disordered nervous system.

Some of these are: Indigestion, Bilious Headache, Kidney Trouble, Chronic Constipation, Dropsy, Catarrh, Rheumatism, etc.

"My brother had nervous prostration, and was not expected to live. I prepared upon him to try Dr. Miles' Restorative Nervine, and now he has fully recovered. You remember I wrote you how it saved my life a few years ago, when I had nervous trouble."—REV. M. D. MYERS, Correctionville, Iowa.
